Coroner Stanton read to her the evidence given by her last evening and she testified that the same was correct, and attached her signature thereto. The reading of the testimony occupied over half A. He last saw Benhayon at supper on Friday night. Lowenstein did not learn the name of the friend for whom Benhayon was going to pay the deposit of \$5 for the room. SOLDIER SOVEREIGNS.

A Chicago dispatch reads: "Orders have been given to members of the Second Regiment Infantry of the Illinois National Guard that they will be required to be on duty at their armory for a full week prior to the date of the hangings [of the Anarchists]. The probability is that the First Regiment will be called upon to do the same." Yet there are people who tip-tilt their nose at the National Guard and deem themselves especially witty when they speak flippantly of "holiday soldiers," and never weary of "nagging" the men who give their time and means to maintain military organizations. In the time of peril these same "holiday soldiers" are the strong arm of law and the chief defense of the life and property of their sneering critics. They are not uniformed kirelings, but in the highest and best sense armed sovereigns, striking in defense of human right, and against lawlessness and disorder. THE St. Paul Pioneer Press says: "Anarchists are not workingmen, but professional movers of crime." But they press their claims upon workingmen constantly and tirelessly. the establishment of a Court of Equities to near and determine all the equitable questions and claims between the Federal Government and the Central Pacific Railroad Company is one of strength. It cannot certainly be criticised as partial, for it was an invalid, and seldom went out. He proposes that Congress shall specify a tribunal or erect a Court of Inquiry for the purpose, before which all the equitable claims and counter claims can be broadly and fully presented, free from political bias or suspicion of partisan purpose, to the end that the equities of the case may be fully determined, and the question may be rationally and impartially answered, what further legislation should be had in the matter, in the interests of the Government and in justice to the company. LOCAL INTELLIGENCE.

A few trifling cases occupied the attention of Judge Buckley yesterday for over two hours. John Gleason and Patrick Sheehan, scavengers of this city, were charged by a number of residents living in nesses was taken, as she desired to go on a visit to San Diego. Peter Fancoli, jailed for stealing about \$15 worth of clothing from a store, pleaded not guilty, and will be tried to-day. Michael Carroll and Robert Dolan, charged with disturbing the peace by fighting at a saloon on K street, between Third and Fourth, pleaded not guilty, but upon being examined were convicted. The latter was fined \$7 50. The former will be fined to-day. The continued case of Ah Sam, charged with battery, was next called. Several witnesses and the little lady must have been more than pleased at her reception on her first appearance before a Sacramento audifience.

Rev. A. T. Needham, of the Sixth street M. E. Church, in a few eloquent and complimentary remarks presented the speaker of the evening, the Hon. John P. St. John.

THE LECTURER.

When the speaker came forward to the footlights he was greeted with storms of applause. He said he did not feel as tery, was next called. Several witnesses were introduced, and in order to enable others to testify the case was continued until to-day. P. Vanderhurst, who on Tuesday pleaded guilty to two charges of petit larceny, appeared, but the imposing of sentence was continued until to-day, in order to enable the Court to look into the facts more closely. Mr. Vanderhurst is an old Grand Army man. J. N. Larkin, Com-mander of Fair Oaks Post, in this city, in a few well-chosen words asked the Court to Mayo and John Furry, charged respectively with violating ordinances No. 17 and No. 154, were continued until Saturday. John Diamond, Martin Halverson and John Schubert, booked for being drunk, were discharged.

The Theatrical Profession. Merit will win and receive public recogniti and praise. Facts, which are the outcome of general experience, growing through years of critical and practical test, become as rooted and nmovable as the rock of Gibraltar in public opinion, and henceforth need no further guarantee as to their genuineness. The indisputable fact that Swift's Specific is the best blood purifier in the world, is one of these immovable Gibraltar rock facts of which we have spoken, and every day's experience roots this conviction deeper and deeper in public opinion. Every class of our people in America and in Europe, every trade, calling and profession, including the medical profession, have borne voluntary testimony to the remarkable virtues of S. S. S. and its intallible efficacy in curing all diseases of the blood. These testimonials are on file by the thousands, and open to the inspection of all. Now come, unsolicited, two distinguished members of the theatrical profession, who gratefully testify to the wonderful curative qualities of the Specific in their individual cases. Their testimonials are herewith submitted to the public without further comment—let them speak for themselves. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Ayer's Cherry Pectoral is a highly oncentrated and powerful medicine. It is an anodyne expectorant, and, if promptly taken, in cases of Coughs, Throat or Lung troubles, soothes and heals the irritated tissues, and quickly allays all tendency to Consumption.

Six years ago, I contracted a severe Cold, which settled on my Lungs, and soon developed all the alarming symptoms of Consumption. I had a Cough, Night Sweats, Bleeding Lungs, Pain in my Chest and Sides, and was so completely prostrated, as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am now as well and sound as ever.—Rodney Johnson, Springfield, Ill.
